**TEMPE**  
**ANNUAL CATALOGUES**  
**ISSUED BY NORMAL**

Giving Much Valuable Information to Prospective Students.

The twenty-sixth annual catalogue of the Tempe Normal school for the school year 1911-1912 is now being mailed. The catalogue this year numbers nearly a hundred pages. In addition to the full details of information regarding the normal schools, the different courses, etc., it gives the register of the school for the year just passed as well as the annual register of every class graduated. The last twenty odd pages of the publication are devoted to different views of the institution, class rooms, classes, athletic features and other views of general interest.

In its introduction this year the catalogue says:

"The Tempe Normal school of Arizona was established by an act of the legislative assembly of Arizona, approved March 19, 1885. It is pleasantly located at Tempe, a town of 1,600 inhabitants, distant but nine miles from Phoenix, the capital of Arizona. The situation is an ideal one from every point of view. Lying at or near the center of population, Tempe is easily reached by rail over the Arizona Eastern, which gives direct connection with the main lines of the Southern Pacific and Santa Fe systems. The fertile fields of the Salt River valley surround the town, delighting the eye with their perpetual verdure and insuring an unfailing supply of fresh fruits and vegetables and the best of dairy products. The climate during the entire school year is not only delightful but wholesome and conducive to study.

The moral and social atmosphere is all that could be desired. The residents of the community are thrifty and industrious Americans, most of whom have come either from the middle and eastern states. These people

**"TAKE A KODAK"**  
with you on your vacation. We are Tempe Agents.  
**Harmer's Drug Store.**

are actively interested in the welfare of the Normal school and pride themselves upon surrounding the students with wholesome influences. A practical illustration of this interest is the recent election prohibiting the sale of liquor in Tempe. The absence of the distractions of a large city is a distinct advantage to the student who wishes to make the most of his time and opportunities."

**PILES BRING DESPAIR.**

Take Courage! Internal Treatment Will Cure.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as Lovett Drug Co., Phoenix, Ariz., and druggists everywhere guarantee it. Dr. Leonhardt's Hem-Roid costs \$1 for a large box—24 days' treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

**CEMENT COMPANY IS GETTING BUSY**

Large Force of Men Will Start Work This Week.

That the Arizona Portland Cement company means business this time and, moreover, is going to get down to business within a short time, is evident from the fact that the company has contracted to deliver to a big piece of work near Prescott a hundred barrels of cement, delivery to commence next January and to continue from then on until the contract is finished. Superintendent Tupper was over from the plant yesterday and stated that within the next week he expects to have a larger force of men at work and predicts that in all certainty the plan will be turning out a finished product by the latter part of next fall.

**FOLEY'S KIDNEY REMEDY**  
Is particularly recommended for chronic cases of kidney and bladder trouble. It tends to regulate and control the kidney and bladder action and is healing, strengthening and bracing. Elvey & Hallett, quality druggists.

### THE BEET HARVEST.

The last load of beets loaded at the Kyrene dump Saturday evening marked the fifty-second carload that has been shipped from that point this year, and it is estimated that the work now is just getting well under way. About 25 per cent of the crop is off. Last year's crop totaled 152 cars, with an acreage somewhat larger than that of this year, from which it may be judged that this year's yield is much better than that of a year ago. This year's crop is a splendid one thus far. The yield this year per acre is heavy and the sugar higher in percentage. A good many of those growing beets in the Kyrene district this year are going to come out mighty nicely on the venture.

### Wins Fight for Life.

It was a long and bloody battle for life that was waged by James E. Mer-shon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and rundown. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay-fever or any throat or lung trouble it's supreme. 50c & \$1.00. Trial bottle free. Guaranteed by all druggists.

### THE OLD BUSINESS.

Harry Thompson is back in the valley again. Likewise he is also back in the hardware business. He is now representing the Pacific Hardware and Steel company of Los Angeles. Phoenix from now on will be his headquarters and he will cover the southern part of the territory.

### A Charming Woman.

If one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, eruptions and a wretched complexion. But Electric Bitters always gives a goddess to women who want health, beauty and friends. They regulate the stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at all druggists.

### HAVING FINE TIME.

A card from the Mallon party postmarked at Roosevelt, stated that they had reached that point in good shape and were having a splendid trip. Their ultimate destination is the old camping ground at Mormon Lake.

### RETURNS TO YUMA.

Roy White, who spent last week here visiting his sister, Mrs. O. L. Standage, has returned to his home in Yuma.

### SHIPS CATTLE.

W. E. Farnsworth of Silver City, N. M., shipped out a carload of fat cattle to that point yesterday. These were purchased from L. L. Harmon.

**Middle Aged and Elderly People,**  
Use Foley Kidney Pills for quick and permanent results in all cases of kidney and bladder troubles, and for painful and annoying irregularities. Elvey & Hallett, quality druggists.

### A BIG CROWD.

There was the usual big crowd at the Airborne Saturday evening. The feature picture of the evening was the "Tournament of roses" at Pasadena. There will be the usual mid-week show again on Wednesday evening.

## MESA

**MAYOR OF MESA GOES TO THE COAST**

Will Attend Convention of American Medical Association.

Mayor R. F. Palmer left yesterday for Los Angeles to remain about ten days. He is a representative of the Arizona Medical association and will attend the meeting of the American Medical association, which meets there this week. During his absence, Councilmen Brackett, Cerny, Mahoney and Stapley will endeavor to keep the town from wobbling, and will amuse themselves sending post cards to the mayor.

When the convention closes, Dr. Palmer will purchase all the novelties for Everybody's drug store and arrange for the equipment of a local hospital which he has long planned to give the town. These important duties performed, he will devote the remainder of his vacation to a trip to Avalon, Santa Catalina Island, where he will join his fellow members of the Tuna club and acquire a fresh stock of big fish stories with which to liven the members of the Mesa City town council on his return home. Just when the mayor became a member of the Tuna club is shrouded in mystery. Some insist that he captured, single-handed and alone, a fish weighing something less than 1,000 pounds; but there are envious persons who claim that he is an honorary member only, the honor being "entered" for his services in rescuing a member of the club who became exhausted and fell overboard while endeavoring to pull in a fifty pound Tuna. Anyway, the doctor is entitled to go out after the game fish, and to admission to the Tuna club headquarters.

### AN ULTIMATUM ISSUED.

Hereafter if There is No Doctor's Certificate There Will Be No Permit to Bury.

Quite frequently there have been interments at the Mesa cemetery before the doctor's certificate of cause of death had been signed up, and this puts matters up to the local register of births and deaths in a bad light. While so far there has been no trouble grown out of the violations of law, Dr. J. E. Drane, the registrar, is convinced that the right way is always the safest and best way, hence he has given notice that in the future he will give no permits for burial until the doctor or coroner's certificate has been received by him. This rule goes into effect at once and parties interested will please take notice.

The health board of the territory, which is interested in keeping a record of the names of all deceased, with age, cause of death and other matters relating to vital statistics, has been corresponding with the various local registrars, urging them to carry out the law in every instance. There has been more or less business in keeping the records which gives the territory a poor standing as compared to many of the states. If each registrar and every physician will do his duty Arizona will soon be eligible to enter the A class in the book of vital statistics.

### YOUR NEIGHBOR'S EXPERIENCE.

How you may profit by it. Take Foley Kidney Pills. Mrs. E. G. Whiting, 269 Willow St., Akron, O., says: "For some time I had a very serious case of kidney trouble and suffered with backaches and dizzy headaches. I had specks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to direction and results showed almost at once. The pain and dizzy headaches left me, my eye-sight became clear and today I can say I am a well woman, thanks to Foley Kidney Pills." Elvey & Hallett, quality druggists.

### SWIMMING PARTIES.

There have been several swimming parties recently, the young people going to the Consolidated Canal, near the old dredger, and to another point near the power house. Cleanliness is commendable, but if the physicians are correct, the swimmers should take the advice of the old lady who gave her son permission to go swimming but warned him he must not go near the water. The doctors say that the water in the canals is contaminated and there is danger of typhoid germs if the swimming is persisted in. It is not probable that every one who frequents the swimming pool will have typhoid fever, but one, or two, or a half dozen, may become inoculated, so it is best to keep on the safe side.

### LADY HAS ARM BROKEN.

Saturday afternoon, Mrs. J. C. Atwood, mother of Mrs. W. E. Walters, fell down the cellar stairway at her home two miles east of town, landing on her left arm and back. Both

bones of the arm were broken at the wrist. Mrs. Atwood is quite a sturdy lady, and has been troubled with rheumatism of late. When she started to go down the cellar steps her stiffened limbs caused her to stumble and fall. The injured arm was dressed and is doing as well as could be expected, but will heal slowly and the lady still has no use of her left hand for quite a long time to come.
